DANIELS PRAISES  
PARTY'S RECORD

Delivers Address at "Dollar Dinner" of Cuyahoga County Democracy.

## SPEAKER CLARK ALSO GUEST

Tributes Paid to Thomas Jefferson and His Influence on Legislation.

Cleveland, O., April 18.—Laudations of the accomplishments of the present Democratic administration, and tributes to Thomas Jefferson and his influence on legislation occupied speakers at the Jefferson "dollar dinner" of Cuyahoga County Democracy here tonight. Among those who made set addresses were Speakers Champ Clark, Secretary of the Navy Josephus Daniels, and Governor Cox of Ohio. Present and the speakers of short speeches were Senator Allen D. Bland and Congressman William Gordon, Robert J. Bullock and Robert Grosvenor, of Ohio.

Speaker Clark and Secretary Daniels arrived here early to-day. Secretary Daniels spoke before the students of Western Reserve University law school in the morning, and at noon Daniels and Clark lunched with the members of the City Club, where both delivered speeches.

Speaker Clark to-night, like Secretary Daniels, devoted a large portion of his address to a eulogy of Thomas Jefferson.

Governor Cox spoke almost altogether on State issues, defending his administration.

The influence of Thomas Jefferson on the character and construction of present day legislation and government was depicted by Secretary Daniels. The speaker declared the same unselfishness, devotion and liberality which characterized the Democratic administration in the days of Jefferson were seen to-day vividly reflected in the leadership of President Wilson, the counsel of William Jennings Bryan, and the example of Tom Johnson, Cleveland's late Mayor.

Mr. Daniels said the new tariff, currency and tax laws were in thorough accord with the "principles of our great forefathers Jefferson and Jackson. These statutes already enacted, and the proposed antitrust laws, he added, showed that the Democratic party in the past year has done more in the way of conservative legislation than the Republican party has in the past two decades.

Discussing the effect of the new tariff law, the speaker said that, contrary to predictions of "the apostles of privilege," we are not flooded with "foreign goods from abroad. Our production and exportation has increased.

## WALTERS ON STAND.

Defense Springs Surprise in Introducing Accused Man.

Opelousas, La., April 18.—The defense in the trial of W. C. Walters, of Robert Dunbar, a five-year-old boy, near here in August, 1912, sprung a surprise to-day, when Walters was called to the stand to testify in his own behalf. Walters had scarcely started the story of how he came into possession of the boy, when he says is Bruce Anderson, and claimed by Mr. and Mrs. C. P. Dunbar as their lost son, and by Julia Anderson, of North Carolina, as her illegitimate offspring, when he broke down as he told of his love for the little fellow. It was several minutes before he regained his composure sufficiently to resume his narrative.

The State closed its presentation of testimony at the morning session of the court. The State's family physician, Dr. J. H. Smith, testified that Robert Dunbar's body left by burns and hurts.

Walters remains in the custody of the State.

While digging a ditch on Curtis Neck farm yesterday, C. B. Harrison, a farmer, near here, discovered the remains of a Union soldier. Particles of clothing, buttons, buttons and other pieces of the soldier's uniform were found. The man was one of the Federals killed in action in that vicinity. Several sharp fragments occurred there during the war.

DISCUSS OUTLINES OF TREATY.

Washington, April 18.—Sir Cecil Spring-Rice, British ambassador here, today discussed the outline of the peace commission treaty to bind the United States to the League of Nations. A commission for examination and a mission to diplomatic adjustment. The ambassador visited the department twice, and on his last call had before him a tentative draft of the convention prepared in the British Foreign Office.

JURY UNABLE TO AGREE.

No Agreement in Division Case Reached by Jury.

Philadelphia, April 18.—No agreement has been reached to-night by the jury in the case of the University of the medical department of the University of Pennsylvania, charged with the duty of determining the guilt of a physician in the case of a patient who died. The case was given to the jury Friday afternoon. Several jurors today expressed the opinion that it was impossible to agree, but the jury sent them back to try to reach a verdict.

The jury returned the verdict which was sealed and handed to the court on Monday.

Sale Forecast

For Richmond

and Vicinity

During yesterday there were decided bargain flurries at the Basement and Millinery Sales at The Kaufmann Store, followed by rapidly clearing counters.

The unusually fair shopping conditions prevailing will remain unchanged to-morrow, except that the high pressure will in a measure be relieved by a number of extra salesladies.

In the Suit Department, the section nearest the Millinery storm centre, on the second floor, conditions will remain the same the first part of next week, as far as high values are concerned, but a decided fall in prices may be expected, with increasing satisfaction.

Further details are given in the advertisement of The Kaufmann Store on Page 2 of the Society Section.—Advertisement.

VIRGINIA TROOPS  
READY FOR CALL

Persistent rumors, starting generally from an overheard conversation, had the local militia commands under arms all last night, but one look at the three dark, deserted armories took the glimmer out of the remarks of the most optimistic, or pessimistic, whichever viewpoint on warfare is taken.

While no immediate call to arms is expected by military people here, Richmond will send its quota to the front if occasion demands. The crisis in the Mexican situation has naturally created a deep interest among the militiamen, and there is much speculation concerning the possibility of being ordered out for service.

It is the consensus of opinion that 75 per cent of the Virginia Volunteers will offer their services to the government if a call is made. The present militia law will make it necessary for every company to volunteer for service in foreign fields, and for that reason it will be necessary for every man to be re-estimated again. Those who are now in the service could not be ordered to leave the borders of the United States.

Practically every man in the Virginia Volunteers, however, enlisted since the Mexican trouble began, and it is not believed that many would take advantage of a technicality to avoid service. Hundreds of men could be found to take the places of those who dropped out, and nearly every command in this city now has a reserve list composed of former members who have signed papers agreeing to enlist in time of need.

Urgent Call for Clarke.

Purported Text of Colombian Treaty Creates Much Criticism.

Washington, April 18.—There were indications to-day that the treaty between Colombia and the United States for adjustment of the issues growing out of the separation of Panama from Colombia, which encounter opposition in the United States Senate, published to-day of what purported to be the text of the treaty created much criticism of the convention. Secretary Bryan would not discuss the published text, and will withhold the official text until the original copies arrive from Bogota, about May 1. It then will be sent to the Senate for ratification.

A Happy Bald

Well-Known Politician Nearly Bald  
Now Has Heavy Growth of Hair.

Tells How He Did It.

A Western politician, well known on account of his baldness and ready wit, surprised his friends by appearing with a heavy growth of hair, many of his old friends did not know him and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the remarkable growth of my hair to the use of the following simple recipe which any lady or gentleman can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 4 oz. of glycerine. Apply to the scalp two or three times a week with the finger tips. It not only promotes the growth of the hair, but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store at very little cost and mixed at home.—Advertisement.
